SmartWall® Does Double Duty! Rehabilitation and New Construction Projects Benefit from SmartWall Systems

First Warren Tire Service Center, Queensbury, NY

Second Warren Tire Service Center (under construction), Queensbury, NY, 5,000 ea. 8" SmartWall Splitface block with paint.

SMARTWALL BENEFITS BLOCK PRODUCER, DESIGNER, CONTRACTOR AND OWNER

Duke Concrete Products was the block producer for all three projects featured in this report. They have been making concrete masonry units for many years. Now they are a certified SmartWall producer.

The Contractor was A.J. Catalfamo Construction Co., Inc., of Hudson Falls, NY. Owner, Chuck Catalfamo states, "I use

Staples Store, Queensbury, NY – 20,000 ea. 12” SmartWall block with paint

SmartWall for the productivity, appearance of the finished product and the way the paint adheres to the block. I use SmartWall on every job that I can. I will use as much SmartWall as possible. Easier to work with and a higher quality job – it’s just smart.”

Gary Hukey, Vice President of DUKE Concrete Products, Inc., in Glens Falls, NY, produces a wide array of colored and textured SmartWall block. Hukey says, “Our sales force conveys the advantages of using SmartWall whenever possible. We are a very strong supporter of SmartWall Systems.

Rehabilitation of Emerson Building, Glens Falls, NY – 7,000 ea. 8” Smartwall splitface block
